PROFESSIONAL EXPERIENCE

HighRadius Technologies, Hyderabad, India Senior Product Analyst Deductions Product - Acted as de-facto Product Manager for a 6-engineer POD - owning the full sprint cycle (backlog grooming, story writing, planning, review, retro) and translating enterprise client requirements into engineering deliverables. - Primary interface between enterprise clients, Consulting, and Engineering - triaging inbound feature and change requests and serving as the lead contact for top 3 pilot clients on SAP/Oracle ERP automation rollouts. - Launched in-app analytics and RCA dashboards for real-time deduction tracking, reducing client escalation cycles and enabling end-user self-serve visibility. - Designed UX flows and mock-ups for a low-code automation configuration tool; led engineering integration and client pilot through to full go-live. - Partnered with Sales Engineering and Presales in enterprise deal cycles; facilitated UAT, sprint reviews, and product demos with VP and Director-level stakeholders.	01.2023 – 12.2024
Product Analyst Machine Learning(Deductions) - Built AI-assisted automations linking backup documentation to ERP short-payment deductions - improving user productivity by 40%. - Rolled out automation user journeys to 3 early adopter clients with Consulting and Expansion teams, achieving a 30% boost in daily productivity - confirmed via in-app metrics and QBR feedback. - Analysed 500+ support tickets (Zendesk/Jira) to identify recurring pain points; insights fed directly into the 2023 Product Roadmap. - Co-owned user story definition, acceptance criteria, and release documentation across three major product releases - materials adopted as standard onboarding collateral.	02.2021 – 12.2022
Intern – Analytics - Developed SQL queries for O2C reports and dashboards across all product lines; resolved client issues via Zendesk, reducing ticket inflow by 57%. - Coordinated a team of peer interns on daily Analytics support activities; awarded a Pre-Placement Offer (PPO) ahead of graduation.	07.2020 – 02.2021

COURSES

NextLeap, Remote07.2023 – 09.2023

Product Manager Fellowship

- Completed a capstone project on growing YouTube Premium subscriptions - encompassing competitor analysis, user research, persona creation, wireframing, and success metric definition.
- Applied end-to-end PM methodology in a structured cohort setting, complementing hands-on industry experience with formal product frameworks.
